

ENTOURAGE MEDICAL
TESTOSTERONE & WEIGHT LOSS CLINICS

We are pleased to be a sponsor for Anabolic Minds and help the fine individuals of this forum. We hope to be able to help individuals that suffer from the same terrible ailments, as all here at Entourage. It is our duty to make every single one of you, a happier, healthier person, if not only for yourself, but your family and community. We are here to help.

Entourage is a family owned and operated clinic. We practice telemedicine so we can really help men outside of our locality. We have leveraged technology to its fullest and believe we can change countless lives through Testosterone Replacement Therapy.

The most important thing to us here at Entourage is you guys. Our patients are the ones that keep us going. When the hours get long and we get tired, we just read or listen to the countless success stories. It's very dear to us all and we love what we do!

10\$ from everyone's monthly order will go toward our "free care for veterans" program. This has, in its semi-maturity, changed lives of H&ROs and their families. This is the true way to give back to those who have given so much!

I'm very excited, so many of my friends have had such amazing results from hormone therapy treatment with Dr. Henry. I've seen my friends' physiques, outlooks on life and mind sets change becoming more optimistic about life and their futures. When meeting with Dr. Henry one of the things I liked best was his demeanor, his integrity and passion for helping others. Dr. Henry is truly a pioneer in the industry and I respect that he underpromises and overdelivers. I feel great for the first time in years and I look forward to feeling and looking better in the weeks and months to come. By the way my wife is pretty happy too!

Once again. One of the best customer experiences I've ever had. The only reason I'm giving a five star review is because there isn't a sixth star! Doc and his wife were nothing short of amazing. They have helped beyond what they should have. Not only do I recommend Entourage; I will be a returning customer. They treated my wife and I with the utmost respect and even helped more than the local physicians in the area we live. They answer questions promptly and have flat-out gone out of their way to make sure my wife and I had everything we needed. Entourage treats us like family!!!

Dr. Henry and his staff are extremely knowledgeable and very professional! Most amazing Dr. you will ever meet! He has totally changed my life, after being diagnosed with low testosterone, the process to begin treatment was very easy and quick! I now feel better than ever! If you are having issues with poor sleep, low energy, moodiness, low libido, etc then do yourself a favor and go see Dr. Henry! Entourage Hormones is hands down the best!!

I wanted to take the time to let everyone know about my experience at this clinic. From the moment I got there until I was leaving the clinic I felt like I was treated like family. From step one to the last step I was very comfortable. I've been to other clinics before just felt like I was a number. All my future appointments will be here and not anywhere else. All my family and friends will be coming here. Thanks Clint Rattan.

If I could give Entourage Hormones 5 more stars I would in a heartbeat! My experience has been truly exceptional. Dr. Henry and his team helped me through my program every step of the way. Their professionalism and dedication to excellent service are second to none. It's hard to find great people who really care about your overall well being and progress in this day and age, but Dr. Henry and his team make you feel like family. A humble team who's goal is to make a huge impact in someone's life. The Midwest has a gem in the heart of Tulsa Oklahoma and I can promise you won't regret paying them a visit. I want to thank Dr. Henry and his team for helping me feel young again and most importantly giving me a huge part of my life back.
