

The **USPlabs Jack3d Stack** [Anabolic-Pump | PRIME | PowerFULL | Jack3d] is going to be your one-way ticket to huge PR's. The ingredients work together in a synergistic fashion to specifically **induce rapid strength gains** while increasing lean body mass and recovery. Impressively enough, these effects **can** be achieved without a failed substance test. The ingredients in USPlabs Jack3d stack **will not** cause a failed drug test! Allow us to break the products down for you to explain these one-of-a-kind gains --

### USPlabs Anabolic-Pump™

Anabolic-Pump will literally stuff your muscle cells with **MUSCLE BUILDING** nutrients (Amino Acids and Glycogen) to be readily used as **fuel for your dominance**. Using Anabolic-Pump will allow you to consume more food, store more nutrients and fuel specifically in **MUSCLE** cells which is paramount for performance. **Anabolic-Pump transforms regular food in to rocket fuel.**

### USPlabs PRIME™

USPlabs PRIME will significantly **increase your muscular strength** and will **reduce muscle fatigue**. Due to the non-hormonal action of **PRIME** (proven by top university researchers), you can rest assured that the weight you gain from it, is thick, dense muscle. When used post-workout, PRIME will signal your body to instantaneously begin **rebuilding the muscle** lost from the destruction in the weight room. In addition, your training aggression will be unbelievable. The ultimate **ALPHA-MALE** supplement!

### USPlabs PowerFULL™

USPlabs PowerFULL Ingredients in PowerFULL are shown to increase natural Human Growth Hormone (HGH) production by **at least 221% in just one dose!** The positive effects of this increase are astounding. You will notice dramatically increased **quality of sleep** within the first night! Get more out of each hour of sleep – **Feel better on less sleep!**

### USPlabs Jack3d™

**USPlabs Jack3d** will allow your Central Nervous System to function at a much more effective way, producing an increase in ATP allowing for quick explosive power and strength. In addition, *Geranium* will give you unparalleled energy output as well as improved mood and focus. *Schizandrol A* will **increase physical force and muscle output by up to 222%** while improving respiratory and cardiovascular function all while ultimately expanding on the ultimate mild/muscle connection! *Beta Alanine* will buffer hydrogen ions allowing your muscles to work seamlessly! **Equally as important as what IS IN Jack3d, is what is NOT IN Jack3d:** No sugars. No calories. No Maltodextrin. No Magnesium. No dangerous dyes. **No filler ingredients.**
