

MANUFACTURER'S DECLARATION

To Whom It May Concern:

The dairy-based ingredients that Optimum Nutrition uses to manufacture its protein products are obtained from domestic, and occasionally European, Australian, or New Zealand sources. We do not currently source or purchase any dairy proteins from China. Optimum Nutrition only procures dairy proteins from the most reputable suppliers in the industry and maintains letters of continuing guarantee stating that our proteins are free of adulterants, including melamine.

Please contact Consumer Affairs at (630) 236-0097 if you have any questions.
